WELCOME

THE ADVENTURE ASHORE. THE DISCOVERY ON BOARD.
WHERE WILL YOUR NEXT VOYAGE OF DISCOVERY TAKE YOU?

Welcome to the latest Voyages of Discovery brochure. I hope you like our brand new look – you will see we’ve made some changes from the feedback our customers have given us, which we hope you will enjoy.

For this season, we have simplified our cabin categories and introduced a fantastic range of add-on packages. We’re now giving you just 11 cabin categories to choose from with much clearer information about the amenities you’ll find in each one – making it easier for you to pick the right cabin for you. You’ll see the details of our packages inside this brochure and on our new-look website – they include a butler service, spa treatments and all-inclusive drinks packages. Plus, from November 2015 you will see some exciting new product and service enhancements to selected cabins. Full details are contained in this brochure.

As always you have the freedom to tailor your holiday to your personal requirements. There’s a programme of activities to join during days at sea if you wish and of course, our engaging Guest Speakers will enrich your cruise with a fascinating programme of talks on board, which is all included in your fare.

We’ve created 14 exciting new itineraries for our winter 2015/16 programme which see *Voyager* head west to destinations in Central and South America and the idyllic islands of the Caribbean. She also makes a maiden visit to Mexico’s stunning Pacific coast, and our perfectly-planned itineraries now include longer in port and more overnight stays so you can really get to know each destination.

Due to her small size *Voyager* can take you to the heart of many off-the-beaten-track destinations, and once on shore you can choose to explore with our range of optional shore excursions or simply head off and do your own thing.

Another great way to make the most of your destination is with one of our cruise extensions, which you can add before or after your holiday. Maybe you’ll choose a spectacular cruise around the Galapagos Islands or a longer stay in beautiful Barbados or historic Cartagena – whatever you want to do the choice is all yours.

We look forward to welcoming you on board *Voyager* very soon.

CRUISE THE WAY YOU WANT TO

It's your holiday, so we want you to spend it doing the things you love. That's why, when you cruise with us, you'll find we give you the freedom to shape your own days. Listen to a guest speaker, laze by the pool, join an excursion or hop ashore and go your own way. There's always plenty to do, and never any pressure to do it. That's just how we sail.

FREEDOM

You've been telling us what you want from your cruise and that's why we're making a few changes. You told us that you wanted more choice and greater flexibility to do things your own way and that's exactly what you'll get with all our cruises. Starting from November 2015 we'll be giving you additional ways to upgrade your experience, so you can enjoy your holiday the way you want to. After all, everyone is different, and what you want from your holiday won't be the same as the next person.

CHOICE

Whether you join a craft workshop, watch a culinary demonstration, get energetic at a Zumba class or just lie back and soak up some sun, we'll do everything we can to help you have a great time. The same goes when we sail into port. You'll find there's always a choice of carefully arranged excursions full of expert insights and local gems. But you'll also find you can stay on board or set out on your own, and we'll be happy to give you all the advice and suggestions you need. Most excursions can be booked up until a couple of days before arrival into port, so you don't have to make up your mind any time soon, and you'll only pay for what you choose to do. However, if you do pre-book your excursions you'll enjoy a saving on each one. When it comes to dining on board, we've two great restaurants for you to choose from - the elegant Discovery Restaurant or the more relaxed Veranda Restaurant, with its big ocean views and fantastic buffet. Eat inside, eat outside, or even order room service, it's all up to you.

SIMPLIFIED CABIN GRADES

You told us that you thought our cabin grading system was a little confusing and we agree. That's why we've made it clearer and simpler – instead of 20 categories, there are now just 11, making it much easier for you to choose the cabin that's perfect for you. We've also added a few more special touches to some of our cabins so you'll feel at home during your cruise, and we've listed them all so you can see exactly what you'll find in your cabin. See pages 12-15 for more details.

UPGRADE YOUR EXPERIENCE

You also said that you'd like more flexibility to do what you wanted, when you wanted. So as well as offering a great choice of optional excursions in every port, we've also come up with an exciting selection of packages that will make your cruise experience unique. From a welcoming bottle of Champagne and Belgian chocolates waiting for you in your cabin to a drinks or spa deal, there's everything you need to create the cruise you want. See pages 8-9.

If you're sailing in an Owner's Suite or selected Balcony Suites you'll enjoy the services of your very own Voyages of Discovery butler, who'll welcome you to your suite then cater for your every need during your cruise. See pages 10-11 for more details.

We're sure this choice and flexibility will turn your cruise into the holiday of a lifetime and we can't wait to welcome you aboard!

A REALLY WARM WELCOME

We're proud to say that we're known for our incredibly friendly, attentive crew. Many of them have been with us for years and their warm, genuine approach is part of what makes our cruises so memorable. In fact, it's one reason why people choose us again and again.

One of the great things about being a small ship is the chance it gives our crew to look after you better.

Whether they're serving you dinner, mixing you a cocktail, keeping your cabin clean or taking you out on shore, our loyal, professional crew take the time to learn your name, greet you with a smile and make sure your holiday is happy and hassle-free.

We're delighted to have won the British Travel Award for Best Niche Cruise Line for the last four years. It's voted for by the public and we know that our success owes a lot to the great atmosphere our crew create on board. See the world with us and we think you'll see the difference.

MEET YOUR CAPTAINS

Captains Oleksander Tkachuk and Tomasz Marek Kaminski have been sailing with us for years and they're looking forward to welcoming you on board.

Despite being born 650 miles from the coast, Captain Tkachuk has enjoyed a great career at sea, including a period with a Black Sea cargo fleet. He's served on passenger vessels since 1995, working for a number of well-known cruise lines.

Captain Kaminski began his career at sea in 1998 aboard British Petroleum's tankers. In 2000 he joined passenger ship fleets and has sailed to a variety of thrilling destinations, including the Antarctic on numerous occasions.

DELICIOUS DINING, EVERY DAY

We're proud to say our chefs are some of the best in the business, creating imaginative menus full of fresh ingredients and mouthwatering flavours. Try new dishes from the destinations we're visiting or sit back and relax with favourites from home.

Whether you choose breakfast in bed, in our restaurant or at our buffet, we'll serve something that sets you up for the day's adventures. After a morning exploring, linger over lunch on deck or on shore, and later maybe indulge in a delicious afternoon tea. Then, come evening, reflect on the day or meet new friends for dinner in one of our restaurants. Each cruise includes two glamorous gala dinners too. And with open dining, you can choose when and where to eat, as well as who to sit with, every single day.

Our elegant Discovery Restaurant offers a fantastic four-course menu that changes throughout your cruise. Stating that his dislike of hot weather was his motivation behind running the Marathon des Sables, the continuing desire to find his own limits have pushed him to run several ultra-marathons, climb some of the world's highest mountains and eventually led him to Rockall where, in fear for his life, he lay through a Force 9 gale during which he lost food and equipment vital to the expedition.

From clever lyrics and smart topical references to corny gags set to corny tunes, if it makes him laugh he'll tell you about it. He frequently interrupts his discourse to perform examples of the songs, accompanying himself on guitar. You'll hear some old favourites, some new songs, and much in between, all intended to hit you squarely on the funny bone.

Cuba - A tourist visa card is required when visiting Cuba. This will be arranged by the ship's purser and added to your on board account. The approximate cost of this will be £25 per person.

VACCINATIONS

Any passenger arriving at the port or departure airport without the correct vaccination or exemption certificate(s) will be refused permission to board the ship. No passenger refund would be applicable under such circumstances.

Conditions of entry to each port vary according to the conditions set by each country and port authority and may differ to the advice given by the World Health Organisation or your local doctor, especially when arrival is by sea. We have to abide by the latest information given to us by the port authorities that allow the ship entry to the port of call. As such we will inform you of the latest mandatory vaccination requirements for your particular cruise in your final cruise documentation (or with your confirmation invoice if you book the cruise within 20 weeks of departure).

We recommend that all passengers seek advice from their doctor or travel clinic at least 12 weeks prior to departure and take a copy of their itinerary and personal travel plans for review with their practitioner. If you do not normally enjoy good health, you should consult your doctor regarding the advisability of taking a cruise and being away from the usual medical and hospital facilities. It is your responsibility to ensure that you are fully protected with the appropriate vaccination certificates for your cruise. Vaccination requirements are subject to change with or without notice. Up to date

information may be obtained by visiting www.traveldoctor.com.au.

During our winter cruises some countries require a Yellow Fever vaccination. If you cannot be vaccinated for Yellow Fever, a GP letter or letter of medical exemption will be required. If required this will be detailed in your pre-cruise information pack. Other countries recommend that precautions are taken against Malaria and other diseases. You should seek advice with regard to your personal itinerary, including pre / post voyage travel, as Malaria advice and / or prophylaxis may be recommended. Health advice varies from time to time depending on the situation of the country you are visiting. Seasonal influenza vaccination is recommended for all passengers.

MEDICAL ATTENTION

We hope you will find it unnecessary to use the ship's medical facilities during your voyage. If, however, the occasion does arise, it is comforting to know that we do carry a fully qualified doctor and nurses. The National Health Service does not cover treatment on the ship and the doctor or nurse will make a charge for their services as well as requiring payment for any medicines or drugs needed. Such charges are normally reclaimable under your travel insurance, less any excess. In the unlikely event that you require urgent medical attention ashore, we will assist by contacting your insurer who will make the necessary arrangements for your treatment and repatriation.

PASSENGERS WITH SPECIAL REQUIREMENTS

Voyages of Discovery will always try to accommodate passengers with special requirements. If you or any person travelling with you suffers from any medical condition, disability or limited mobility, you must contact our office for advice before your booking is confirmed.

Please read clause 10 of the Booking Conditions - Fitness to Travel on the Cruise Ship, Pregnancy, Behaviour, Disability or reduced Mobility, Medical and Mobility Equipment.

INSURANCE

It is a condition of booking your cruise that you have fully comprehensive travel insurance valid from the date of deposit being made. We will require you to give us details of your travel insurance company including the policy number. You must ensure that, as a minimum, it covers cancellation for the total value of the cruise, delay or curtailment, medical charges, evacuation (from the vessel) and repatriation costs. We suggest you discuss the various policies that are available with your travel agent.

CHILDREN

There are no recreational facilities for children on Voyager and reservations for those under the age of 11 are not advised.

ENVIRONMENTAL POLICY

Voyages of Discovery is committed to protecting the environment at all times and especially by the proper disposal of waste matter generated on board. This is achieved by adhering to stringent regulations and procedures on board and complying with various applicable legislation.

OPTIONAL SHORE EXCURSIONS

Shore excursions are not included in the price of your cruise. At the time of going to print the exact content and costs for the shore excursions programme have not been finalised. All excursions can be pre-booked although it is also possible (subject to availability and at a higher on board price) to book your tours on board. Full excursion details will be sent approximately 18 weeks before departure, they can be pre-booked on the telephone or via a booking form.

If you or any other person travelling with you have special requirements please check the suitability of the excursion with our Service Centre before you book.

PROXIMITY TO PLACES OF INTEREST

Fares for local shuttle buses at ports visited are not included in the cost of your cruise. We choose our ports of call for their proximity to places of interest. In all our ports of call we aim to dock the ship as closely as we can to the destination. Often we will be in walking distance or a short bus or taxi ride away from the city centre. A shuttle bus may be provided either by Voyages of Discovery or the local port authority for which a charge will usually be made. It is sometimes the case that the port is further away and it may be necessary to book a tour to visit the main destination or make use of local transport.

FLIGHT DELAYS

If flights are cancelled or delayed, it is the responsibility of the airline to look after you. **We highly recommend you book flights that are scheduled to arrive into the port/city of cruise departure at least 24-hours prior to the cruise embarkation date. We regret the ship is unable to delay departure if you are unable to embark at the appointed time and date.**

Subject to the airlines own restrictions, please make sure that all medications are packed in your hand luggage.

INDEPENDENT TRAVEL ARRANGEMENTS

The Company will have no responsibility, financial or otherwise, in regard to air, hotel, transport or any other arrangements made by passengers with third parties. Passengers should ensure any such arrangements are transferable or refundable, or covered by their travel insurance, in the event of delay, amendment or cancellation of any of these independent arrangements, or of your cruise.

ON BOARD

GRATUITIES AND SERVICE CHARGES

Unlike many other cruise operators, gratuities and service charges are included within the fares shown for Australian and New Zealand passengers on Voyager, however, you may wish to recognise special service at your discretion.

CURRENCY & PAYMENTS

On board Voyager all prices are in British Pounds. Foreign exchange facilities on board are very limited, so we would recommend that you purchase any currency requirements before you travel. There is little opportunity to visit banks whilst on holiday, although guides will normally help exchange small amounts if necessary. For purchases ashore, many shops accept most Travellers' Cheques and major credit cards. A cashless system operates on board with passengers settling accounts at the end of the cruise.

Visa, MasterCard and American Express (2% surcharge applies to Amex) credit cards, cash and Travellers' Cheques are accepted for payment of shipboard accounts. We also accept UK debit cards bearing the VISA or MasterCard logos. Personal cheques are not accepted.

BARS & ALCOHOL

Only alcohol purchased in the ship's bars and restaurants may be consumed on Voyager. The serving of alcohol may be restricted in certain countries.

PHONES & WIFI

Our on board telecommunications systems mean that you are never more than a phone call away from your home or office. All cabins feature direct-dial telephones, whilst fax facilities are available at the Purser's Desk and computer facilities in the Internet Centre. Wi-Fi connections are also available in certain locations on board (charges apply for internet connectivity), however connection difficulties can occur in some areas of the world. Mobile phones usually get a signal but only via satellite.

ELECTRICAL APPLIANCES

Cabins are fitted with both UK standard three pin plugs (220 Volt) and European two pin (110 Volt). Any questions regarding the use of electric rollers, curling irons, electric shavers and other small appliances should be directed to reception. For safety reasons the use of travel irons and any tea/coffee making equipment is definitely not allowed. Each cabin is equipped with a hair dryer.

LAUNDRY

A service is available for laundry and pressing. Laundry bags and order forms are provided in

your cabin. For passengers taking two or more consecutive cruises, there is a 50% discount for laundry and pressing.

WHAT TO WEAR

As a general rule, for days on board and ashore, summer clothing/sports wear is the order of the day. It should be light, casual and easy to care for. A sweater and jacket for cooler evenings and a light raincoat are also advisable.

In certain countries, shorts, short skirts, bare arms and shoulders will not be appreciated locally and you may be prohibited entry to certain sites. Advice will be given on board.

For trips ashore and for getting into and out of the ship's tenders, comfortable, sturdy footwear is recommended. You may also want to bring with you a camera, binoculars, umbrella, sun hat and insect repellent.

In the evening, there is a recommended dress code. Passengers may wish to dress in 'black tie' and evening dresses for formal nights such as the Captain's Welcome Cocktail Party and Dinner, however, a lounge suit or blazer and tie would be fine – the choice is yours. On other evenings the dress code will be smart/casual. Details will be given in the daily programme on board. Gentlemen are not permitted to wear shorts at evening dinner, only long trousers are acceptable. The Veranda Restaurant offers a less formal dining environment and casual clothing including jeans are perfectly acceptable to wear.

SMOKING

Passengers are not permitted to smoke (including electronic cigarettes) inside Voyager, or where food is being served. Passengers are requested to smoke only in designated areas on open decks, subject to national government laws when in port. Smoking is not permitted on excursion coaches.

EMERGENCY DRILL

Before the ship sails or early in the cruise, there will be a full muster stations drill. This exercise is to give all passengers precise information on the correct route from their cabins to the places where they should muster in an emergency, together with instructions about life jackets and emergency procedures.

ALL passengers must attend.

NOISE

As you might imagine, there is all kinds of noise when the ship is in motion. We recognise that tolerance levels vary so please contact us to discuss this in more detail before you book.

PORTHOLES

In rough weather or for operational or security portholes covers (known as dead lights) may need to be closed. On cruises where the vessel sails through the Red and Arabian Seas, the vessel is subject to the requirements of the International Maritime Organisation for anti-piracy. The requirements are designed to protect the ship from the potential risk of attack, which includes the rigging of razor-wire and the closing of the cabin deadlights. The Captain is required to comply with these requirements, which vary day to day dependent upon the reported level of risk.

ONBOARD GIFTS

Approximately 18 weeks before departure you will receive details of our onboard gift selection, a variety of packages to help make your cruise even more special. These range from Champagne and fruit baskets to canapés and birthday cakes.

GENERAL

DINING ARRANGEMENTS

Breakfast and lunch are arranged on an open sitting basis and may be taken in the Discovery Restaurant on the Discovery Deck, inside the Veranda Restaurant on the Bridge Deck or 'alfresco' by the Veranda Restaurant. Continental breakfast is also available in your cabin.

In the evening, there are two restaurants to choose from. The Discovery Restaurant on the Discovery Deck and the Veranda Restaurant on the Bridge Deck both offer open seating, with the Veranda being less formal.

A limited room service menu is available most days from 7.00am to 10.00pm.

SPECIAL REQUESTS

We are unable to accept 'conditional bookings'. Please note any special requests clearly on your pre-cruise Passenger Information Form or advise our consultant at time of booking. Although we will do our best to comply with your wishes, we cannot guarantee that we or our suppliers will be able to fulfil the request. We must point out that failure to fulfil a special request cannot be considered a breach of Contract on the part of the company.

CHANGE OF ADDRESS

We ask you to notify us in writing immediately of any alterations to your address before departure. In all communication, please state the cruise on which you are travelling and your booking reference.

CHANGES TO YOUR CRUISE

The information in this brochure outlines details of our carefully planned programme. Should any subsequent events cause us to change our plans or affect the published itinerary in any way, we shall let passengers know. Please read the section entitled 'Cancellation or alteration by the Company' in our Booking Conditions carefully before you make a booking.

OVERSEAS STANDARDS

It is a fact of life that when we travel to different countries, we often find that the customs, traditions and general pace at which things are done can be very different from those at home. So as far as standards of safety are concerned, the suppliers of services must comply with the rules and regulations of their own country and these are not always as strict as they are in Australia or New Zealand. Please read the 'Shore Excursions' section of our Booking Conditions.

DANGEROUS GOODS

It is an offence to carry on board aircraft or ship any goods of a dangerous nature. Please read Section 10.22 & 10.23 of our Booking Conditions.

BROCHURE ACCURACY

The information contained in this brochure is checked for accuracy by our UK staff, our overseas staff and our agents. Nevertheless, we would ask you to bear in mind that things can change, often without our prior knowledge. Should we become aware of anything that we consider will have a permanent impact on your enjoyment of the cruise, we will do our utmost to advise you before you sail.

IMPORTANT NOTICE

The information in this brochure is subject to change without notice. If cost factors dictate the need for the fare, tax or surcharge increases, the company may do so prior to departure and without notice. Correct fare will be quoted at time of booking.

BOOKING CONDITIONS

TRAVEL WITH CONFIDENCE

1. THE CONTRACT

- 1.1. The contract is between All Leisure Holidays Limited trading as "Voyages of Discovery" ("The Company") and each person booking with the Company (including the parents or guardian of any person under 18 years of age) ("the Passengers"). Please note that information contained in the section headed "General Information" in our brochure or in these or any other comparable sections, and any other relevant information on our website also form part of your contract with the Company.
- 1.2. The Lead Passenger warrants as a fundamental term of the contract that he/she has read and agrees these terms and conditions and has the authority by each Passenger named on the confirmation invoice to be bound by them. Furthermore that he/she is authorised by each passenger named on the confirmation invoice (and, where such passenger is under 18, by his/her parents or guardian) to enter into a contract with the Company on their behalf. Unless otherwise indicated, the Lead Passenger warrants that the Passenger information given may be used by the Company or its partners for future marketing purposes.
- 1.3. A binding contract comes in to place when you pay the full deposit (or where appropriate the full price) and a confirmation invoice is issued even if the Company is unable to confirm all holiday details (e.g. flights) at the time of booking. A confirmation invoice will be sent to the Lead Passenger. If you pay by credit card, a fee will be charged to your tour price. Fees differ by card type. Please contact us to obtain the applicable surcharge fee for your card type.
- 1.4. All details on the confirmation invoice (and on any additional documents produced by the Company) will be deemed to have been accepted unless the Company receives notification to the contrary in writing from the Lead Passenger immediately that the confirmation invoice is received. If you have not received your confirmation invoice within 7 days of booking your cruise please contact us immediately. If any errors are not immediately identified and reported, any cost of rectifying the same at a subsequent date must be met by the Passenger. Please note that Passengers not following these instructions will be fully liable for any costs that may subsequently be incurred in rectifying errors at a later date. In the case of e-tickets and vouchers these must be checked by Passengers and the Company must be notified of any errors immediately.
- 1.5. It is expressly agreed that all Passengers and their luggage are carried subject to the Conditions of Carriage of the airlines and shipping company used, some of which limit or exclude liability. Any compensation payable by the Company for non-performance or improper performance of land, sea and air carriage services shall be limited in accordance with the international conventions which govern such services by the carrier. See paragraphs 12 and 13.

- 1.6. For bookings made through an approved Travel Agent, the Agent holds any monies paid for the Company on behalf of the customer.
- 1.7. The Company reserves the right to cancel bookings and levy cancellation charges on the scale in section 8 below if balance payments are not received in full 16 weeks before departure or by return post/credit or debit card for bookings taken less than 17 weeks before departure. Travel insurance (where purchased through us or directly with a third party) does not form part of your contract with the Company or of any "package".
- 1.8. The contract and all other proceedings arising out of or in connection with it shall be governed by English law and the jurisdiction of the English courts. If and in so far as a claim against the Company is governed EU Regulation 392/2009 relating to the liability of carriers of passengers by sea in the event of accidents (or the Passenger Liability Regulation (EU 392/2009) or in respect of non-international carriage by the Athens Convention 1974 or 2002 and or in the case of river cruises. The Convention on Limitation of Liability for Maritime Claims 1996 (LLMC 96) as amended by SI 1998/1258 in the Court competent to hear such claims.

2. THE BOOKING PROCESS

- 2.1. A non-refundable deposit of AU\$1,000 or 10% of the total fare due, whichever is highest (or full payment for bookings taken within 119 days of departure) is due upon booking. A higher Deposit amount may be payable if any supplier(s) require additional payments for a service prior to the balance due date. Payment of a Deposit means acceptance of these Booking Terms & Conditions. The Company takes no responsibility for credit card or foreign currency transaction processing fees levied by issuing banks.
- 2.2. If the Deposit and/or balance are not paid on time, the Company reserves the right to cancel the contract and apply any cancellation charges set out in section 8.
- 2.3. Passengers must be fit to travel. Any passengers with reduced mobility or with other physical or mental disabilities or conditions which may require special treatment or assistance (including Passengers who may require the use of a wheelchair) must advise the Company prior to booking. They may be required to complete a questionnaire and upon receipt of which they may be asked to accept additional Booking Conditions before a confirmation invoice is issued and a contract entered into. See paragraph 10.
- 2.4. The Company may (at its discretion) offer Passengers at the time of booking a guaranteed cabin booking (a "Guarantee Cabin"). Under such offers a Passenger is guaranteed to receive a cabin of a specified type although the precise location of the cabin is at the Company's discretion. The Company may (at its discretion) upgrade a Guarantee Cabin to a higher category cabin at no additional cost to the Passenger. The Company may allocate specific cabins under guarantee offers at any time up until the Passenger arrives on the vessel at the

port of embarkation. Once Guarantee Cabins have been allocated, the Company is unable to accept Passenger change requests. If Passengers book one or more back-to-back cruises and one or more cruise includes Guarantee Cabins, it is possible that Passengers may be allocated different cabins on each cruise and may need to move between cabins on changeover day(s).

3. PRICES AND SURCHARGES

- 3.1. The Company reserves the right to alter the published prices of any of the cruise holidays. Passengers will be advised of the current price of the holiday that they wish to book before any contract is confirmed.
- 3.2. The price of the travel arrangements was calculated using exchange rates quoted in the appropriate brochure. Changes in transportation costs (including the cost of fuel, port costs, taxes or other fees chargeable for services such as landing taxes or embarkation/disembarkation fees at ports) and exchange rates mean that the price of travel arrangements may change after booking. The Company undertakes, however, that no changes to the price will be made within 30 days of departure.
- 3.3. The Company will absorb and the Passenger will not be charged for, any increase equivalent to up to 2% of the total holiday cost (excluding insurance premiums and/or any amendment charges). The Company may, at its discretion, and subject to the approval of the relevant authority (ies), charge the Passenger any increase above 2% in respect of (i) transportation costs, including the cost of fuel, (ii) dues, taxes or fees chargeable for services such as landing taxes or embarkation or disembarkation fees at ports and airports, or (iii) the exchange rates applied to the package. If the increase is more than 10% of the price of their travel arrangements, Passengers will have the option of accepting a change to another holiday or cancelling and receiving a full refund of all monies paid, except for any insurance premiums and amendment charges. If the Company is able to offer another holiday and this alternative holiday is of equivalent or higher price to the original holiday booked, then the Passenger will not have to pay more. If the alternative holiday is a lower price, the Passenger will be refunded the difference. Should Passengers decide to cancel their holiday under these circumstances, they must do so within 14 days of the date of the invoice for the additional charge or such other period as may be specified.
- 3.4. Should the total cost to the Company of a Passenger's holiday fall by more than 2% due to any of the changes mentioned above then the Company will pass on to Passengers any refund due. Passengers should note that travel arrangements are not always purchased in local currency and some changes in local currency costs may have no impact on the price of Passengers' travel due to contractual and other protection in place.
- 3.5. All outstanding balances on on-board accounts must be settled in full before the

Passenger disembarks the vessel. If any Passenger fails to settle their on-board account then the Company shall be entitled to take whatever steps may be necessary to recover the monies due and shall be entitled to pass on any costs incurred in doing so.

- 3.6. Passengers must be aware that the holiday price quoted may include different points of departure and return from/to the UK. In such cases there may be additional costs associated with transfer between the two places not included in the holiday price that will be passed on to the customer.

- 3.7 We may decide, at any time, to advertise Saver Fares on selected cruises or cabin grades. These are subject to availability and your cabin number will not be allocated at the time of booking.

4. OUR RESPONSIBILITY AND SHORE EXCURSIONS

- 4.1. Except where otherwise expressly stated in these booking conditions, we regret that the Company cannot accept liability or pay any compensation where the performance or prompt performance of our contractual obligations is prevented or affected by or you otherwise suffer any damage or loss as a result of Force Majeure. In this Contract, "Force Majeure" includes any event which the Company or any supplier of the service(s) in question could not even with all due care, foresee or avoid. Such events may include (whether actual or threatened) war, riot, civil strife, terrorist activity, industrial dispute, natural or nuclear disaster, technical problems with transport, closure of airports, ports or airspace, changes of schedules by airlines, adverse weather conditions, epidemics, health risks and pandemics, fire, closed or congested airports or ports and all similar events outside the control of the Company and our suppliers.
- 4.2. The Company is not responsible for any improper or non-performance of any services of the package holiday which are wholly attributable to the fault of the Passenger, the unforeseeable or unavoidable act or omission of a third party unconnected with the provision of any of the services to be provided under the Contract; unusual and unforeseeable circumstances beyond the control of the Company and/or the relevant supplier, the consequences of which could not have been avoided even if all due care had been exercised including (but not limited to) an event of Force Majeure; or any event which the Company and / or relevant suppliers could not even with all due care have foreseen or forestalled. In the event that the Company is responsible for any death, injury or illness caused by the negligent acts and / or omissions of its suppliers of services which form part of the Package then the Company limits its liability, where applicable, by the International Conventions.
- 4.3. Where death and or personal injury and or loss of or damage to property occurs during carriage by air or by sea then the liability and the extent of damages recoverable will be dealt with by their conditions of carriage and the International Conventions set out in paragraphs 12 and 13 and not otherwise.
- 4.4. Where there is any loss of or damage to property including luggage which is not covered by any International Convention and where liability is not limited by reference to any

enactment, terms or conditions, then any legal liability that the Company may have for any such losses or damage will not exceed £500 per Passenger.

- 4.5. Notwithstanding anything to the contrary elsewhere in this Contract, the Company shall not in any circumstances be liable to the Passenger for any loss or anticipated loss of profit, loss of revenue, loss of use, loss of contract or other opportunity nor for any other consequential or indirect loss or damage of a similar nature.

SHORE EXCURSIONS

- 4.6. Where the Company provides or sells a shore excursion to the Passenger the Passenger shall be bound by the terms and conditions of the supplier of the shore excursion supplier.
- 4.7. The Company does not perform shore excursions which it sells to Passengers. These are performed by local operators, who may themselves engage the services of third party suppliers. The Company will at all times endeavour to appoint reputable and competent operators who comply with all prevailing local rules, regulations and standards. It should be noted that, outside the UK, standards of hygiene, accommodation and transport might differ from comparable standards in the UK.
- 4.8. Local laws and regulations of the relevant country will be applied to assess the performance of suppliers and the Company. The Company's legal obligations will have been performed if the supplier has complied with local laws and regulations even if the laws of England have not been met.
- 4.9 Passengers should be aware that they may also be subject to terms and conditions imposed by local excursion operators.
- 4.10. In the event of an excursion being cancelled, the Company will take all reasonable steps to ensure that Passengers are offered a choice of an alternative excursion and/or a full refund in the case of optional excursions.
- 4.11. Passengers cancelling optional excursions prior to departure will be refunded in accordance with the schedule set out in clause 8.1. Passengers cancelling optional excursions after departure will not be entitled to a refund. If in such cases the cancellation is due to ill health a supporting letter from the ship's Doctor (charges may apply) may enable Passengers to make a claim on their Travel Insurance Policy. Any Passenger that fails to attend an excursion for whatever reason will be deemed to have cancelled.
- 4.12. Passengers wishing to change optional excursion details will be allowed to do so on presentation of the appropriate ticket(s) at the shore excursion desk during the advertised opening hours and at least 72 hours prior to the ship's arrival in the excursion port. Any amended booking will be treated as a new booking and the price charged (if applicable) will be set at the prevailing on board price which may be higher than the original brochure price for the same excursion. New booking balances due will be credited with any payment from the original booking less a £5 per Passenger administration charge. Any discounts applied to the original

booking will only be transferred to the new booking at the Company's discretion. If the cost of the new booking is less than the original booking then no refund of the surplus balance will be made.

- 4.13. Any changes to optional excursion arrangements requested by Passengers less than 72 hours prior to the ship's arrival in the excursion port will only be allowed subject to availability and the terms and conditions of the excursion operator. All other conditions are as ((4.7) above.
- 4.14. The Company is not responsible for the performance of and has no liability for shore excursions which are not sold by the Company. Passengers are advised to take great care in purchasing shore excursions from third parties in the ports to ensure they are safe and are covered by insurance.

5. INSURANCE

- 5.1. Where Passengers purchase insurance through the Company, the Company is acting as an agent for the named insurance provider and that the purchase will be subject to that insurance provider's terms and conditions which will be sent to them with their policy documents or provided in advance of purchase upon request.
- 5.2. It is a condition of booking that each Passenger has adequate travel insurance in force for the entire duration of the holiday. If Passengers do not purchase the insurance offered by the Company, then details of the alternative insurance policy (which must as a minimum cover medical charges, cancellation, curtailment, evacuation (from the vessel) and repatriation costs for not less than £5 million) must be provided at the time of booking if possible, but no later than six months prior to the scheduled date of departure or at the time of booking if bookings are made within six months of the date of departure.
- 5.3. The Company is not responsible for checking that Passengers have the correct level of insurance and will not be liable for any costs, howsoever arising, in excess of any travel insurance cover purchased. In particular Passengers should check that their insurance arrangements cover all likely scenarios should they have to cancel their cruise.

6. PASSPORTS & VISAS

- 6.1. It is the responsibility of all Passengers to check and fulfil the passport, visa, and immigration requirements applicable to their itinerary. Passengers must check passport and visa requirements for their own specific circumstances with the relevant Embassies or Consulates as applicable.
- 6.2. Passengers must understand that passport, visa and immigration requirements do change. Passengers are responsible for checking the up to date position in good time before departure.
- 6.3. The Company requires a valid passport with spare pages, valid for at least six months after the date of return. Passengers must check passport and visa requirements with the Embassy or Consulate of the country (ies) to or through which they intend to travel.

6.4. All Passengers must ensure that they have the correct travel documents in their possession before departure. Passengers may incur fines if they fail to comply with documentation or visa requirements. The Company will re-charge to the Passenger any such fines that have been paid by the Company on the Passenger's behalf.

6.5. The Company does not accept any responsibility for Passengers who are denied disembarkation or are unable to travel, or who incur any other loss because they fail to comply with any passport, visa, or immigration requirements. Cancellation of any part of the holiday that arises due to problems with passport/visa, or immigration requirements will be subject to cancellation charges set out in section 8.

7. CHANGES TO BOOKING DETAILS BY PASSENGERS

Passengers must be aware that charges associated with amendments are likely to increase nearer to the date of departure.

7.2. Additional passengers or cruises may be added to a booking at any time subject to availability. In each case a deposit (or full payment, as relevant) per additional Passenger will be required by the Company and all other booking conditions must be met before the new contract exists.

7.3. Requests for significant amendments to booking details (e.g. change of sail date) received before the balance due date will be treated as a new booking. At the Company's sole discretion, the original booking will either be deemed cancelled (and be subject to the cancellation charges set out in section 8), or will be deemed amended (and be subject to an Amendment fee of AU\$200 per Passenger). A maximum of one change of sail date per booking will be considered for an Amendment fee of AU\$200 per Passenger as long as the change to the sail date is requested at least 119 days before the booked departure date. 7.4. For amendments to booking details received before the balance due date (e.g. passenger name changes) an administration charge of AU\$100 per Passenger affected will be charged. If name changes are required to scheduled flight details, the charge may be significantly more than AU\$100 per Passenger and will be quoted on request. Passengers should also be aware that airlines may not allow transfer of Passenger names and in such cases a flight booking might need to be cancelled and rebooked, subject to availability, and at the Passenger's expense.

7.5. After an amendment is applied a new confirmation invoice will be issued at which point the contract will be deemed to be amended accordingly.

Passengers are advised that certain reasons for cancellation are covered by their travel insurance.

9. CANCELLATION OR ALTERATION BY THE COMPANY

9.1. The Company reserves the right at its sole and absolute discretion at any time to cancel, postpone or alter without prior notice or consultation any cruise in whole or in part in order to safeguard its Passengers, its crew, its employees or the vessel in the event of war or threat of war, political unrest, terrorist activity or threat of terrorist activity, nuclear or natural disaster, riots, civil strife, adverse weather conditions or other similar events as previously defined ("Force Majeure") or for any other valid operational reason. If the majority of ports that the Company aims to visit during any one cruise have to be changed on UK Foreign Office advice before the cruise commences, the Company undertakes to offer Passengers an alternative cruise or refund of the cost of their cruise in full, less any insurance premiums paid.

Under such circumstances clause 9.2 will apply and the Company shall not be liable to pay compensation, nor shall Passengers have any further claim against the Company.

9.8. The Company reserves the right at its sole and absolute discretion to use a substitute ship of similar standard to the original ship should it prove necessary to do so.

9.9. In addition to the rights of the Company, Aircraft and Ship's Captains always have the right at their absolute discretion to vary any planned routing without prior notice or consultation if they deem it necessary to do so in the interests of safety.

9.12. The Company will not be held responsible for, nor have liability in respect of, delays caused by third parties during passage through sea areas controlled by vessel traffic schemes, canals, rivers or any other navigable waterways.

The Company's priority is the comfort and safety of its Passengers who are asked to provide prior to booking as much information as possible regarding any special assistance that may be required in the port, during embarkation and on board the vessel. This information is required in order to ensure that the carrier is able to carry Passengers safely and in accordance with applicable safety requirements established by international, EU or national law or in order to meet safety requirements established by competent authorities including flag state.
- 10.2. Every Passenger warrants that he/she is fit to travel by sea and that his/her conduct or condition will not impair the safety of the cruise ship or inconvenience the other Passengers. The Company and the carrier reserve the right to require any Passenger to produce medical evidence of fitness to travel in order to assess whether that Passenger can be carried safely in accordance with applicable international, EU or national law. Disabled Passengers or those with Reduced Mobility who need assistance and/or have special requests or need special facilities or equipment with regard to accommodation, seating or services required or their need to bring medical equipment must notify the Company at the time of booking and complete a medical questionnaire. The Carrier is not obliged to provide any assistance or meet special requests unless the Carrier has agreed to do so in writing. If the Passenger cannot be carried safely and in accordance with applicable safety requirements then the Company and or the carrier can refuse to accept a Passenger or embarkation of a Disabled Person or Person with Reduced Mobility on the grounds of safety. In the event of refusal of carriage, the passenger will be informed in writing five working days after receipt of the medical questionnaire.

It is the passenger's responsibility to ensure that all medical equipment is in good working order and for arranging enough equipment and supplies to last the entire voyage. The ship does not carry any replacement and access to shore side care and equipment may be difficult and expensive. Passengers must be able to operate all equipment.
- 10.5. If it appears to the Company or the carrier, the Master or the Cruise Ship's doctor that a Passenger is for any reason unfit to travel, likely to endanger safety, or likely to be refused permission to land at any port, or likely to render the Carrier liable for Passenger maintenance, support or repatriation, then the Carrier or the Master shall have the right to take any of the following courses: (i) Refuse to embark the Passenger at any port; (ii) Disembark the Passenger at any port; (iii) Transfer the Passenger to another berth or cabin; (iv) If the Cruise Ship doctor considers it advisable, to place or confine him/her in the Cruise Ship's Hospital or to transfer the Passenger to a health facility at any port, at the Passenger's expense (v) to administer first aid and administer any drug, medicine or other substance or to admit and/or confine the Passenger to a hospital or other similar institution at any port provided that the ship's doctor and/or Master considers that any such steps are necessary. Unless the Company and or the Carrier agree otherwise and in writing Passengers are limited to bringing 2 items of such mobility or medical equipment on board per cabin with a total value not exceeding £2200. All equipment must be capable of being carried safely and must be declared before the cruise. The Carrier may decline to carry such equipment where it is not safe to do so or where it has not been notified in time to enable a risk assessment to be carried out.
- 10.13. Where a Passenger is refused embarkation as a result of safety and/or fitness to travel and or failure to give notice under EU 1177/2010 or otherwise, neither the Company nor the carrier shall be liable for any loss or expense occasioned to the passenger thereby, nor shall the passenger be entitled to any compensation from the carrier.

- 10.16. The ship's doctor is not qualified to deliver babies on board or to offer pre or post natal treatment and no responsibility is accepted by the Company in respect of the ability to provide such services or equipment. The cruise ship's doctor is not a specialist and the ship's medical centre is not required to be and is not equipped to the same standards as a land-based hospital. The Vessel carries medical supplies and equipment as required by its flag state. Neither the Company nor the doctor shall be liable to the Passenger as a result of any inability to treat any medical condition as a result.
- 10.17. The Company and the carrier are entitled to administer a health questionnaire prior to boarding. - 13.1. Travel on board aircraft used in travelling to and from the ship is subject to the airline's standard ticket conditions, some of which limit or exclude liability in accordance with international conventions. For complete details contact the individual airline(s) directly.
- 13.2. If your air journey involves a destination or stop in a country other than the one from which you depart, the Warsaw Convention may govern the liability of all airlines involved in your journey, including any portion thereof in a single country. This Convention limits the liability of airlines involved in your journey, including any portion thereof in a single country. This Convention limits the liability of airlines for death or bodily injury and for baggage loss, delay or damage. For many air carriers, the Warsaw Convention limits for bodily injury or death and the defence that they have taken all necessary measures to avoid the damage for the first 100,000 Special Drawing Rights of any such claim do not apply. In addition, in cases of death or bodily injury, many air carriers will make advance payments to the person entitled to compensation, if required to meet immediate economic needs, in proportion to the hardship suffered. European Community carriers provide a minimum advance equal to not less than 15,000 Special Drawing Rights in the event of death. Other air carriers may apply alternate provisions.
14. GUIDES AND GUEST SPEAKERS
- 14.1. Independent contractors retained by the Company, including but not limited to Guest Speakers, guides, guest personalities and entertainers are subject to change and/or cancellation without notice. The Company also retains the right to change any member of ship's crew previously advertised or disclosed (e.g. the ship's Captain) without notice.
